

New Design Black Model 8 Led Solar Ground Light

China's NEW design black model 8 LED solar ground light are made of stainless steel and plastic. The newly designed black model reflects the feeling of high-end luxury. It can be better integrated into each use scenario. You can use it in gardens, squares, lanes, parking lots. We are a professional solar garden lamp manufacturer, factory and supplier. We are committed to new product research and development, continuous innovation, to bring better use experience for customers.

Model:XLTD-1910

Product Description

The information of NEW design black model 8 LED solar ground light:

Product name	NEW design black model 8LED solar ground light
Power supply	solar panel polycrystal 2v 120mA
Battery	1*AA true! 600mAh Ni-MH
Led source	8*white / warm white led
Charging time	4-6 hours
Working time	8-10 hours
IP grade	IP67 work in the water
Material	Stainless steel with black painting
Options	8/12/16/20 LED; white/ warm white LED; 4/8/12 packs per box

The description of NEW design black model 8LED solar ground light:

- 1.Metal shell deformation and corrosion resistance.
- 2.Solar panels high photoelectric conversion efficiency.
- 3.reinforced pins insert into the ground the light body is not easy to tilt.
- 4.Soft glue switch key soft rubber waterproof protection switch does not enter water.

The advantages of NEW design black model 8LED solar ground light:

- 1.rainproof grade IP65 no fear of any weather outdoors
- 2.long working time,It can work for 10 hours after being fully charged,illuminating the whole night
- 3.Intelligent light control automatically charge when the light is off during the day and automatically light up at the night
- 4.Increase solar panels to absorb sunlight more quickly Increase the lighting time by 50%
- 5.Reinforce the four corners without breaking,two reinforced lines ensure easy insertion,effortless
- 6.Reinforcement pin special treatment insert soil without deformation

The NEW design black model 8LED solar ground light highlight:

- 1.New upgraded black style, better into a variety of use scenarios.
- 2.Small size, high brightness, easy installation.
- 3.Two colors warm light or white light
